Dear UPS Families,

Pooled Testing will begin the week of March 22nd. We have been notified by the distributor of the tests that the previous consent forms that were sent to you are not compatible with their program. Please navigate to <https://testcenter.concentricbyginkgo.com/minor-consent> and complete the consent process if you wish to allow your child to participate in testing. If you are providing consent for more than one child, please complete the process once for each child. This consent is not school specific. The access code you will need on the second screen is [unity-uxbridge]. Here is a short video to have your student view, showing him/her how to [swab properly](#). We apologize for you having to fill out a second consent form. For more information regarding pooled testing please visit our [UPS Website](#).

If you do not want your child to participate, then please disregard this message.

Sincerely,

Frank A. Tiano, Ed.D.
Superintendent
